Dear Sir/Madam,

Invitation of the School's Debate Champions for the Debate Cranes Trials ahead of the 2025 Panama World Schools Debate Championship

As Ugandan Representatives to the World Schools Debating Council, DIA is hosting the Uganda National Debate Team (Debate Cranes) trials to select exceptional individuals for the **2025 Panama World Schools Debating Championship¹** and multiple other competitions in Africa for the development teams .

Debate Cranes is Uganda's team in the Annual World Schools Debating Championship (WSDC). Since 1988, the World Schools Debating Championships (WSDC) has been the annual world cup of high school debating, featuring more than 70 national teams. Teams from around the world gather to discuss a variety of topics, from international relations to economics and sports. The team management offers an additional 10 slots where two debate teams are chosen as development teams. These teams are trained throughout the year to compete in other competitions and potentially join the main team
